

# GO GREEN WITH THE BACKYARD COMPOSTING CHALLENGE!

Compost bins are available for Cape May Point property owners at the Public Works Maintenance Building on the corner of Lighthouse and Sunset Blvds during office hours. In order to receive a free Geobin, you'll be asked to sign a pledge as follows:

*By signing the pledge, I agree to participate in backyard composting at my Cape May Point residence. I will use the Borough-provided Geobin, or a composting bin of my choice, to compost vegetable scraps, leaves, grass clippings and other compostable items.*

Sponsored by the Cape May Point  
Environmental Commission  
and Green Team
