

SEEKING PHOTOS OF CAPE MAY POINT FLORA AND FAUNA

The Environmental Commission (EC) would like to invite you to submit photos (no more than three or four) of:

A monarch butterfly you have seen at the Point, AND/OR
A tree in bloom or covered with berries.

We will assemble the submitted butterfly photos to create a slideshow, which will become a feature of our 2026 CMPT Mayors' Monarch Pledge.

We will use a selection of the trees pictures in a pamphlet that the EC is creating for homeowners to use when making decisions about what vegetation to add to your property.

Please submit your photo(s) by **Monday, April 20**
to the following email: ckirberger@capemaypoint.org
